{ Langata road}

## ABOUT SMSK

The Sports Medicine Society of Kenya (SMSK) is a platform society for all stakeholders involved in development of sports medicine to help implement proper medical care and players welfare. The ordinary membership include sports physio, sports scientist, doctors, nurses, nutritionists , primary care physicians and Orthopaedic Surgeon(s). Its objectives include promoting and protecting the interests of its members. Communicate the concerns of his members and lobby government, public and private sector for actions that address the same. It acts for and on behalf of its members in discussions and negotiations on industry specific issues.

## ABOUT IRMA

Institute of Rehabilitation Medicine Africa (IRMA) is a Kenyan institution that is based in Nairobi. The Institute is accredited by the Physiotherapy Council of Kenya (PCK) to provide continued professional development (CPD) courses among the Physiotherapist and other allied health professionals in the country.

The institute will conduct workshops dealing with practical aspects of sports medicine as applies to surgeons, physicians, sports physical therapists and sports (athletics) trainers. It is projected that going into the future there shall be an annual sports medicine conference in Kenya and two to three workshops / trainings that confer practical skills and updates to the said cadres of health workers.

As far as the organizers know, there is no coordinated society handling sports medicine or arthroscopic matters in the country.

It is the hope of the organizers that these efforts will bear fruit and as Sports Medicine Society of Kenya (SMSK) will be launched at the end of the workshop.

## CONFERENCE DELEGATES

The workshop is tailor made for physicians involved in care of athletes, sports physiotherapists, physical education teachers in high schools, sports trainers and orthopedic surgeons with keen interests in arthroscopy and sports medicine. Orthopedic Residents looking to undertake further training in sports training may also benefit

The conference will focus on student athlete (collegiate athlete) a participant in an organized competitive sport sponsored by the educational institutions in which the student is enrolled. Student-athletes are full-time students and athletes at the same time. Colleges offer athletic scholarships in many sports. During their sportsmanship period they incur sports injuries which needs to be managed and rehabilitated properly.

## VISION

To be recognized as the center of excellence in providing quality continuing education and resource for variety of healthcare professionals through provision of evidence and competency based learning in East and Central Africa Mission.

## MISSION

As a leader in international and continuing education, IRMA aims to help meet the lifelong learning needs and help healthcare organizations and individuals to improve outcomes. We provide international standards of training at competitive rates.

We provide seminars that are typically 1-2 days in locations at various cities in Kenya and surrounding countries for the following professionals, Physical therapists, occupational therapists, pharmacies, speech language, pathologists, nursing, emergency medical services, medicine / surgery, dietetics / nutrition and athletic trainers.

# FACULTY

## PROF. TRACY RAY

1st Vice President and  
President elect AMSSM

Prof. Tracy Ray, MD currently serves AMSSM society as 1st Vice President and is the President elect due to be installed in the March 2020 AMSSM annual meeting. He is Associate Professor in the Department of Orthopedic Surgery and in the Department of Family Medicine at Duke University.
